### Facilities Development & Greens Loans

#### Administration Fees

As from Oct-19

This chart shows the administration fee charged for a Bowls England Development Loan.

There is no interest charged for a loan; however, an administration fee is applied dependant on the amount and length of loan required. This fee is added to the total of the loan at the outset. Early repayment of a loan will not incur an additional fee, but merely revert to the administration fee applicable for that amount and term. Repayment terms will be agreed on acceptance of the loan.
