

Defibrillator Offer: Helping you to keep the bowls community safe

One of Bowls England’s top priorities is to support our communities. We do this by delivering and expanding our range of services to support clubs.

Less than 1 in 10 people in the UK survive an out-of-hospital cardiac arrest. Having a defibrillator and training CPR to a number of people means they’ll know what do if someone has a cardiac arrest at your club.

We have teamed up with the Community Heartbeat Trust (CHT) charity, one of the UK’s leading providers of defibrillator solutions, to offer all affiliated clubs access to two high specification defibrillator packages.

Bowls England/CHT Club Offer

Purchase Solution	
Lifeline AED (no TV screen)	Lifeline View (with TV screen)
	
Five year battery (4 year warranty), two sets of Pads with two year life and Carry Case	Four year battery, two sets of Pads with two year life and Carry Case
£895 plus £15 delivery plus VAT	£999 plus £15 delivery plus VAT
Optional Annual Support £135 plus VAT per year for minimum four years (runs in line with battery life) to cover all ongoing consumables for the defibrillator	
Managed Solution	
Lifeline AED (no TV screen)	Lifeline View (with TV screen)
Five year battery, two sets of Pads with two year life and Carry Case	Four year battery, two sets of Pads with two year life and Carry Case
£995 plus £15 delivery (no VAT)	£1099 plus £15 delivery (no VAT)
Includes public liability and accidental damage insurances	
Optional Annual Support cost £135 plus VAT per year for minimum four years (runs in line with battery life) to cover all ongoing consumables for the defibrillator	

Clubs choosing the Managed Solution will benefit from CHT taking care of the VAT element and also providing limited insurance cover. Additional optional theft insurance is available for £250 for 10 years cover. This also applies to any external cabinet, which must, as part of this agreement, be acquired through CHT.

A wall rack is available for internal placements for £38.

Annual Support Agreements (optional)

All defibrillators have running costs. These can be met as you go along, but you will find budgeting difficult. Alternatively you can have a support agreement which gives you all the costs covered for a fixed budget. The *optional* annual support agreements cover:

- Any replacement electrodes and batteries whether used in a rescue or time expired
- Replacement rescue kits
- Replacement rescuer safety kits
- Loan equipment if yours goes missing in any way (courier charges excepted)
- Rescue data downloads
- Software uploads
- Seek and find service if the defibrillator goes missing/taken away by ambulance
- Post rescue counselling service
- Annual compliance check

Training

CHT also offer discounted training sessions either by video, Zoom or in person.

Video – free – Please use this link to view : https://youtu.be/oCIbtUjaIPQ	
Zoom £100 (up to 98 people per session)	45 minutes
Face to Face in the club £150 (up to 50 people per session – normally £250)	2 hours

The equipment chosen is high specification and designed for untrained users. It is also the same equipment being used by Cricket, Croquet, and several other sports due to its ease of use and robustness. It also has built in training and has features making the support and checks very easy. All projects come supported by the WebNos Governance system to help manage the equipment and meet legislative requirements.

CHT offer a help line to all clubs, and is also offering free post rescue counselling services if required to those club members involved in a rescue.
